Project Reference

Tanking of Attenuation Tank

Clonshaugh Hotel, Dublin 17

Description

One of Ireland's longest established building contractors Stewart Construction are the Main Contractors of this new hotel complex at Clonshaugh, Dublin 17.

SURFASOLOGY were tasked with supplying and installing a waterproof and protection coating for the reinforced concrete of the Attenuation Tanks on this project.

This project is located close to Dublin Airport and it is no coincidence that the internationally known Drizoro Waterproofing System which consists of Maxrite 500, Maxseal Flex and Drizoro Mesh was selected for use.

All products within the system are fully approved and the products were installed by the SURFASOLOGY application crew.
