

PROBOR 20

Product Information Page

Our ProBor range of products are based on a water soluble borate, a timber preservative that has been extensively researched over the past 50 years. Borates have the distinct advantages being low hazardous to the environment and, unlike conventional preservatives, they exhibit superb penetration into damp timber, making them suitable for use in high risk areas such as embedded joist ends, lintels, wall plates, etc.

ProBor 20 is a high performance gel formulation borate fungicide insecticide for large section timbers. It is designed for use against fungal decay and wood-boring insects and is particularly suitable for use against Deathwatch Beetle.

Specification Tip for Design Professionals:

ProBor 20 may be specified by name or by using the following description: *a propriety boron based ready to use triple action solution containing 20% active ingredient for treatment against wood boring insects, wood rotting fungi and as a masonry sterilant against dry rot.*

- ✓ Easy to apply, by brush or spray
- ✓ Dual purpose: effective against insect attack and fungal decay
- ✓ Excellent penetration
- ✓ Superior performance on wet and dry timber
- ✓ Low odour formulation
- ✓ High strength: up to 20 times more active ingredient than other conventional paste formulations
- ✓ Water-based
- ✓ Eco-friendly

How does ProBor 20 work:

ProBor 20 penetrates deep into the timber through the cells, allowing immediate action against wood boring insects.

How do I prepare the surface before applying ProBor 20:

ProBor 20 is to be applied should be clean and free from coatings. On dusty timbers it is recommended to mist spray with clean potable water before treatment.

How do I apply ProBor 20:

Brush apply a generous coat (like a coat of gloss paint) of ProBor 20, taking special care to ensure that end-grain, corners and crevices are treated, giving a coverage of 0.57kg/m².

How do I store ProBor 20:

ProBor 20 should be stored in cool dry conditions above 10°C and protected from frost. ProBor 20 is registered under the HSE No 6422.

Health and Safety: Always use pesticides safely, please consult the MSDS before use.

Protect the environment: Dispose of waste in accordance with the local authority regulations.

SURFASOLOGY

Smart Surface Solutions

Waterproofing and Damp Proofing Specialists

WHO WE ARE

SURFASOLOGY, formerly IBC Ltd., is Ireland's leading waterproofing and damp proofing specialist that has been proudly providing market leading, innovative, and sustainable construction solutions since 1976.

Our high-quality products and systems are accompanied by our professional technical support and a full installation service. **SURFASOLOGY** technical consultancy team have unrivalled experience in major construction projects, as well as solving everyday problems for homeowners, with long term trustworthy solutions.

Our products are all manufactured in ISO Quality System compliant facilities and meet the relevant local, National, & European standards. **SURFASOLOGY** network members manufacture products exclusively in Germany, Switzerland, Spain, Greece and the UK. We support these products in local markets with highly-qualified technical professionals, who understand both on-site demands and the design detail. We work in a collaborative way with our clients at all stages of the project to ensure that the correct design, preparation, and application are carried out to ensure a timely and successful outcome for all stakeholders.

Get in touch with us today!

**INNOVATIVE, WORLD-CLASS,
SUSTAINABLE CONSTRUCTION
SOLUTIONS, POWERED BY OUR
EXTENSIVE EXPERIENCE AND
EXPERTISE.**

AREAS OF EXPERTISE

Structural Waterproofing

Our world class solutions encompass the whole building envelope both above and below ground.

Damp Proofing & Remedial

A comprehensive range of first class damp proofing and timber treatment solutions.

Specialist Screeds & Coatings

High quality floor finish on domestic, commercial, under-floor heating or industrial projects.

Concrete Repair

We offer a highly efficient selection of products for the repair and protection of concrete elements.

WHAT WE DO

Material Supply

Reliable and sustainable surface solutions accompanied by unrivalled technical support.

Installation Service

Specialised installation service provided by our approved contractors delivering high quality workmanship you can trust.

Technical Support

Extensive experience and expertise in Project Design and Technical Support Services ensuring reliable outcomes for all our clients.

CPD Seminars

RIAI and RIBA approved CPD Seminars to specifiers on a variety of topics covering structural waterproofing and damp proofing.
