

## DeSalin C

Product Information Page

**DeSalin C** is an effective formulation for removing residues from cement surfaces, mortar, grout, stucco, natural or artificial stones. It is ideal for the removal of salt deposits, created due to efflorescence. Mould and mildew can also be successfully removed. Suitable for food production, as residues do not remain on the surface (thorough rinsing with water is required).

### Specification Tip for Design Professionals:

DeSalin C may be specified by name or by using the following description: a cleaner, based on a concentrated natural acid. It is an effective formulation for removing residues from cement surfaces, mortar, grout, stucco, natural or artificial stones.

### How does DeSalin C work:

This special biodegradable formulation, based on a concentrated natural acid gently breaks down the residues making for easy removal.

### How do I apply DeSalin C:

**Application:** Wet the area around the residues with clean potable water.

Using a soft-bristle brush apply the De-Salin C solution over the residues and allow the solution to work for 2-3 minutes.

Remove residues using a stiff-bristle brush or a hard sponge, wash the complete area with clean potable water

**Note:** DeSalin C may be diluted with five parts clean potable water depending on the residues for cleaning. A test area to find the correct dilution is recommended.

**Coverage:** Approximately 8 to 10m<sup>2</sup>/L depending on the absorption properties of the surface.

### Application Fields:

- ✓ Cleaning mortar deposits on brick, and natural or artificial stone
- ✓ Cleaning moulds and mildew
- ✓ Cleaning of efflorescence
- ✓ Pottery

### Surfaces

### Benefits:

- ✓ Biodegradable
- ✓ Easy application
- ✓ Cost effective

## Smart Surface Solutions

Waterproofing and Damp Proofing Specialists

## WHO WE ARE

**SURFASOLOGY**, formerly IBC Ltd., is Ireland's leading waterproofing and damp proofing specialist that has been proudly providing market leading, innovative, and sustainable construction solutions since 1976.

Our high-quality products and systems are accompanied by our professional technical support and a full installation service. **SURFASOLOGY** technical consultancy team have unrivalled experience in major construction projects, as well as solving everyday problems for homeowners, with long term trustworthy solutions.

Our products are all manufactured in ISO Quality System compliant facilities and meet the relevant local, National, & European standards. **SURFASOLOGY** network members manufacture products exclusively in Germany, Switzerland, Spain, Greece and the UK. We support these products in local markets with highly-qualified technical professionals, who understand both on-site demands and the design detail. We work in a collaborative way with our clients at all stages of the project to ensure that the correct design, preparation, and application are carried out to ensure a timely and successful outcome for all stakeholders.

**Get in touch with us today!**

**INNOVATIVE, WORLD-CLASS,  
SUSTAINABLE CONSTRUCTION  
SOLUTIONS, POWERED BY OUR  
EXTENSIVE EXPERIENCE AND  
EXPERTISE.**

## AREAS OF EXPERTISE

### Structural Waterproofing

Our world class solutions encompass the whole building envelope both above and below ground.

### Damp Proofing & Remedial

A comprehensive range of first class damp proofing and timber treatment solutions.

### Specialist Screeds & Coatings

High quality floor finish on domestic, commercial, under-floor heating or industrial projects.

### Concrete Repair

We offer a highly efficient selection of products for the repair and protection of concrete elements.

## WHAT WE DO

### Material Supply

Reliable and sustainable surface solutions accompanied by unrivalled technical support.

### Installation Service

Specialised installation service provided by our approved contractors delivering high quality workmanship you can trust.

### Technical Support

Extensive experience and expertise in Project Design and Technical Support Services ensuring reliable outcomes for all our clients.

### CPD Seminars

RIAI and RIBA approved CPD Seminars to specifiers on a variety of topics covering structural waterproofing and damp proofing.
