

QUELLMAX BLACKSTOP WATERSTOP

Product Information Page

Quellmax Blackstop Waterstop is a bentonite water-stop tape, designed to prevent water ingress through non-movement joints in reinforced concrete structures.

Specification Tip for Design Professionals:

Quellmax Blackstop Waterstop may be specified by name or by using the following description: *a propriety swellable, sodium-bentonite waterstop tape with crystallisation properties, designed to prevent water ingress through non-movement joints in reinforced concrete structures..*

- ✓ Independently tested for use up to 7bar water pressure
- ✓ A highly effective water-stop, suitable for use in all non-movement construction joints in in-situ reinforced concrete
- ✓ Suitable for both Vertical and Horizontal applications
- ✓ No sticky protection tape to be removed prior to use
- ✓ May be installed using adhesive or a fixing rail
- ✓ Available in various sizes.
- ✓ Designed and manufactured in Germany

How does Quellmax Blackstop Waterstop work:

Quellmax Blackstop Waterstop is activated by the alkalinity of fresh concrete, reacts with water and swells preventing water ingress through the joints.

How do I install Quellmax Blackstop Waterstop:

Quellmax Blackstop Waterstop should be installed on a flat concrete surface using lengths of Quellmax Fitting Rail secured with CEMstar Adhesive and/or Steel Nails. There should be a minimum of 80mm of concrete covering all sides of the Quellmax Blackstop Waterstop.

SURFASOLOGY

Smart Surface Solutions

Waterproofing and Damp Proofing Specialists

WHO WE ARE

SURFASOLOGY, formerly IBC Ltd., is Ireland's leading waterproofing and damp proofing specialist that has been proudly providing market leading, innovative, and sustainable construction solutions since 1976.

Our high-quality products and systems are accompanied by our professional technical support and a full installation service. **SURFASOLOGY** technical consultancy team have unrivalled experience in major construction projects, as well as solving everyday problems for homeowners, with long term trustworthy solutions.

Our products are all manufactured in ISO Quality System compliant facilities and meet the relevant local, National, & European standards. **SURFASOLOGY** network members manufacture products exclusively in Germany, Switzerland, Spain, Greece and the UK. We support these products in local markets with highly-qualified technical professionals, who understand both on-site demands and the design detail. We work in a collaborative way with our clients at all stages of the project to ensure that the correct design, preparation, and application are carried out to ensure a timely and successful outcome for all stakeholders.

Get in touch with us today!

**INNOVATIVE, WORLD-CLASS,
SUSTAINABLE CONSTRUCTION
SOLUTIONS, POWERED BY OUR
EXTENSIVE EXPERIENCE AND
EXPERTISE.**

AREAS OF EXPERTISE

Structural Waterproofing

Our world class solutions encompass the whole building envelope both above and below ground.

Damp Proofing & Remedial

A comprehensive range of first class damp proofing and timber treatment solutions.

Specialist Screeds & Coatings

High quality floor finish on domestic, commercial, under-floor heating or industrial projects.

Concrete Repair

We offer a highly efficient selection of products for the repair and protection of concrete elements.

WHAT WE DO

Material Supply

Reliable and sustainable surface solutions accompanied by unrivalled technical support.

Installation Service

Specialised installation service provided by our approved contractors delivering high quality workmanship you can trust.

Technical Support

Extensive experience and expertise in Project Design and Technical Support Services ensuring reliable outcomes for all our clients.

CPD Seminars

RIAI and RIBA approved CPD Seminars to specifiers on a variety of topics covering structural waterproofing and damp proofing.
